PUBLIC TENDER FOR YOUNG RESEARCHER CANDIDATES* FOR THE YEAR 2018

1. The Purpose of the Public Tender

The purpose of this Public Tender is the selection of the candidates for young researchers to be trained in the programme groups at the University of Primorska Andrej Marušič Institute (UP IAM), Faculty of Health Sciences (UP FVZ) and Faculty of management (UP FM), for obtaining a doctorate of science.

2. Mentors and research fields

Candidates may apply for available position of a young researcher with selected mentors in the selected fields of science and research according to the decision on the selection of mentors for the year 2018 submitted for the *Public call for the selection of mentors positions within research programmes in the year 2018 dated 17 January, 2018* and confirmed by Slovenian Research Agency (N° of notification 6316-3/2018-339 dated 5 June 2018).

Only one candidate can be selected. In case more candidates compete, they will be ranked according to an overall grade achieved in all the selection criteria. The candidate selected will be the highest rated candidate. If the selected candidate resigns or fails to submit the required documents by the deadline specified in the Public Tender, the next candidate shall be admitted according to the overall grade achieved.

* The terms, written in masculine, are used as neutral for male and female.

3. Conditions for applying to the Public Tender

The candidate for young researcher must meet the following conditions:

- holds at least a undergraduate university study degree in appropriate field, obtained in a study programme adopted in the Republic of Slovenia before 11 June 2004 and an average grade for all examinations and coursework (excluding the grade of the graduation thesis) of at least 8,00, and meets the enrolment conditions for the doctoral study programme, or
- has completed the 2nd level of the Bologna study programme, adopted in the Republic of Slovenia after 11 June 2004, in appropriate field and an average grade for all examinations and coursework in both 1st and 2nd level of the Bologna study programme of at least 8,00 (including the grade of the graduation thesis in both study levels), or
- holds Master of Sciences degree in appropriate field obtained in a master's study programme adopted in the Republic of Slovenia before 11 June 2004 and meets the enrolment conditions for the doctoral study programme, or
- holds a comparable degree to that referred to the above-quoted first, second and third indent obtained at foreign universities and
- age of up to 28 years (the year of birth is taken into consideration - 1990). The age limit is raised over 28 years, if a candidate for a young researcher has already completed one or two years of post-graduate doctoral studies without financial support. For each finished year a year can be added to the age limit.

If a young researcher's candidate at the signing of the agreement of training will be or is enrolled in a first or second year of the postgraduate doctoral study programme or has a Master of Sciences degree, obtained in a master's study programme adopted in the Republic of Slovenia before 11 June 2004, the average grade at the undergraduate level in a study programme adopted in the Republic of Slovenia before 11 June 2004 or of both 1st and 2nd level of the Bologna studies programme in is not relevant, except in the case of re-enrolment in the first year of the doctoral study programme.

If the candidate for young researcher has used parental leave for a period of at least six months, considering one year for each child, the age limit shall be raised over 28 years. The same shall apply in the case of extended more than six months documented sick leave.

Candidates, who on signing the agreement of training, will be enrolled in an additional year of the third-level doctoral study or have already used that status, candidates who have already received funds by the Slovenian Research Agency (further on ARRS) from the Young Researchers Programme and candidates that have already obtained a PhD may not participate in the Public Tender.

The conditions for applying are determined in the Article 113 of the Rules on procedure for (co)financing, Assessing and Monitoring the Implementation of Research Activities (Official Gazette of the Republic of Slovenia, No. 52/2016 and 79/17).

4. The candidate evaluation criteria

- the average grade of all examinations and coursework (excluding the grade of the graduation thesis) in the undergraduate university study programme adopted in the Republic of Slovenia before 11 June 2004 or in the 1st and 2nd level of the Bologna study programme, at least 80% of all examinations and coursework must be passed;
- a completed Master of Science course adopted in the Republic of Slovenia before 11 June 2004;
- enrolment in a 3rd level (doctoral) study programme;
- received awards and recognitions;
- published scientific articles;
- collaboration in research and development work;
- evaluation of the interview with the candidate.

The evaluation criteria are determined in the Article 114 of the Rules on procedure for (co)financing, Assessing and Monitoring the Implementation of Research Activities (Official Gazette of the Republic of Slovenia, No. 52/2016 79/17) and in the Confirmation and Evaluation Sheet, that must be fulfilled by mentor and is annexed only for information purposes.

5. Duration of funding

ARRS shall finance the training of young researchers for obtaining the doctorate of science for:

- a maximum period of four years if they are enrolled in 3rd level of the Bologna study programme (the new programme).

The financing category of the young researcher is determined by the category of the research programme of the mentor. The determined financing category is valid for the entire period of training.

ARRS shall reduce the financing period defined in the first paragraph: by one year if the young researcher is already in the second year of postgraduate 3rd level studies on signing the agreement of training or by two years if the young researcher is already in the third year of postgraduate 3rd level studies.

According to the decision on the selection of mentors for the year 2018 (ARRS notification No. 6316-3/2018-339 dated 5 June 2018) the financing of the young researcher starts on October 2018.
